

Dear Business owner/ Employer,

Honeybourne Neighbourhood Plan Business Questionnaire

You may be aware that Honeybourne are putting together a Neighbourhood Plan for the whole of the Parish of Honeybourne. A survey has been sent out to all residents in the Parish to understand their views on living in the parish and their aspirations for the future; but we are also keen to understand the views of local employers and businesses as they form a vital part of the local community.

The results of these surveys will help to determine the underpinning principles and overall direction of our plan, so it is very important that you take this opportunity to make your views known.

What is a Neighbourhood Plan?

A Neighbourhood Plan is a way for local people to influence the planning and development of the area in which they live and work. Ours will last until 2030 and should:

- Develop a shared vision for the Parish;
- Identify where new homes, shops, offices and other development should be built;
- Identify and protect important local green spaces or other treasured assets; and
- Identify facilities and services that are needed to accommodate development.

Once approved, our plan will have legal force in setting out what development is acceptable in our parish and the reasons why. Developers and local authority planners will have to account of it when determining planning applications. The Neighbourhood Plan provides us with an opportunity to influence development in our local area.

In order to get our Neighbourhood Plan approved it must comply with the South Worcestershire Development Plan and the government's wider policy of sustainable development set out in the National Planning Policy Framework. The Parish Council has engaged Brodie Planning Associates (BPA), a planning consultancy, to steer the plan-making process.
